UNDERLYING PRINCIPLES WENGERT

Ann Wengert - Addition to Underlying Principles

8. The FAA shall demonstrate its ongoing commitment to working with communities throughout the SF Bay Area by: 1) monitoring resultant noise levels following implementation of recommendations from the Select Committee; 2) participating with successor committees to the South Bay Select Committee; and 3) leading all future procedural, waypoint and flight path development activities undertaken in response to continuing health and noise issues associated with local air traffic in consultation with the affected communities.
