Organization's Main Activities. (Please limit your response to 250 words and indicate whether it is a public, private, non-profit or private for-profit entity.)

The City of Foster City is a Public Entity/City Government that provides the full range of public services (police, fire, public works, planning, building, and related services) for its 30,000 residents. The Estero Municipal Improvement District was created to build and maintain the water distribution and wastewater collection infrastructure necessary to support the City of Foster City and certain neighboring portions of San Mateo.

The Public Works Department manages infrastructure construction, operations, and maintenance programs for streets, storm drainage, lagoon and levees, water and sanitary sewer. The Department also manages the City's Capital Improvement Program that includes projects to enhance, repair, maintain, replace, or rehabilitate portions of the City/District's infrastructure as necessary.

Please show main items in the project and total cost in a simplified chart form. (Please include the amount of any Federal/State/Local/Private funds, including any in-kind resources.)

Construction Contract	\$ 950,000.00
Specialty Inspection/Testing	\$ 15,000.00
Design Services	\$ 25,000.00
Miscellaneous Expenses	\$ 10,000.00
Total Estimated Cost	\$1,000,000.00
Requested Federal Assistance	\$1,000,000.00

Project Description, including a timeline, goals, expected outcomes and specific uses of Federal Funds. (Your response must focus on the requested funds rather than the organization's mission and general activities. Please limit your response to 250-500 words.)

The City of Foster City is proposing to repave Foster City Boulevard, from E. Hillsdale Boulevard to the Foster City Boulevard bridge. This 0.6 mile section of Foster City Boulevard is a 4 – 6 lane arterial road which travels in a roughly north/south direction

through the City. This section of roadway has only received minor repair work in recent years and is now in need of pavement rehabilitation. Foster City Boulevard has an Average Daily Traffic (ADT) volume of approximately 18,000 vehicles per day.

The Foster City Boulevard resurfacing would consist of the placement of an asphalt concrete overlay on the roadway surface along with appurtenant work including pavement grinding, localized base repairs of failed roadway areas, raising utility manholes and vaults, traffic control, replacing traffic signal loop detectors, and replacing pavement striping and markings. ADA ramps would also be replaced and upgraded to current standards as required.

The project would be constructed in Federal Fiscal Year 2009/2010. Federal Stimulus funding is needed to fund construction and specialty inspection/testing services for the project.

How will this earmark serve to expand the capacity of your organization and how will your organization sustain this work beyond the federal funding? *(Your response must focus on the impact of the requested funds rather than the organization's long-term goals.)*

Economic Stimulus funding would allow the City to expedite rehabilitation of Foster City Boulevard. After completion of the work, the City would continue to use available Measure A and Gas Tax revenues, along with available Federal and State grant funding, to maintain Foster City Boulevard along with other City streets and roads.

What is the local significance of this project?

Foster City Boulevard serves as one of the principal transportation routes into and out of Foster City. It provides a direct route for traffic to and from the Highway 92 freeway ramps located on Metro Center Boulevard and Chess Drive. As such, the street is heavily used by residents, visitors, and businesses alike.

How many residents of the 12th CD will benefit from this project? *(i.e. jobs created, services rendered to, how many people, etc.)*

This section of Foster City Boulevard has an Average Daily Traffic (ADT) volume of approximately 18,000 vehicles per day.

List any other organizations or state/local elected officials who have expressed support for the project in writing. *(Please submit copies of support letters along with the proposal.)*

None.

Does the organization have any other funding requests for this project? *(Federal, State, Local or private pending?)*

No.

Has the organization previously received Federal funds for this project? *(Please list any funds received [by fiscal year] and briefly describe how those funds were spent.)*

No.

Please attach a list of your organization's staff and board members *(if any).*

City Council/Estero Municipal Improvement District Board of Directors

Mayor John Kiramis
Vice Mayor Rick Wykoff
Councilmember Pam Frisella
Councilmember Art Kiesel
Councilmember Linda Koelling
