Organization's Main Activities. *(Please limit your response to 250 words and indicate whether it is a public, private, non-profit or private for-profit entity.)*

The City of Foster City is a Public Entity/City Government that provides the full range of public services (police, fire, public works, planning, building, and related services) for its 30,000 residents. The Estero Municipal Improvement District was created to build and maintain the water distribution and wastewater collection infrastructure necessary to support the City of Foster City and certain neighboring portions of San Mateo.

The Public Works Department manages infrastructure construction, operations, and maintenance programs for streets, storm drainage, lagoon and levees, water and sanitary sewer. The Department also manages the City's Capital Improvement Program that includes projects to enhance, repair, maintain, replace, or rehabilitate portions of the City/District's infrastructure as necessary.

The City of Foster City will administer the implementation of this project.

Please show main items in the project and total cost in a simplified chart form.

Replace approximately 390 red LED Signal Modules	\$38,000
<u>Replace approximately 400 green LED Signal Modules</u>	<u>\$47,000</u>
Total Project Cost	\$85,000

Project Description, including a timeline, goals, expected outcomes and specific uses of Federal Funds.

This project would replace all existing red and green light emitting diode (LED) signal modules with new LED signal modules at 23 signalized intersections. This project would take approximately two-months to complete and this project is ready to start immediately.

How will this earmark serve to expand the capacity of your organization and how will your organization sustain this work beyond the federal funding?

The City of Foster City would administer the implementation of this project and Foster City would continue to maintain LED signal modules after installation.

What is the local significance of this project?

This project would increase the efficiency and safety of City's traffic signal system.

How many residents of the 12th CD will benefit from this project?

This project would employ three people for two months and would provide increased safety of the traffic signal system for all 30,000 residents, plus visitors to Foster City.

List any other organizations or state/local elected officials who have expressed support for the project in writing. *(Please submit copies of support letters along with the proposal.)*

None.

Does the organization have any other funding requests for this project?

No.

Has the organization previously received Federal funds for this project?

No.

Please attach a list of your organization's staff and board members *(if any)*.

City Council/Estero Municipal Improvement District Board of Directors
